

## E-Waste Collection Drive

24<sup>th</sup> to 28<sup>th</sup> October, 2023

E-waste Collection Drive was conducted in college from 24<sup>th</sup> to 28<sup>th</sup> October, 2023 in which green club students participated with great enthusiasm. The object of the activity was to promote awareness on responsible disposal practices of E-waste. Various e-wastes in the form of mobiles, power banks, adapters, speaker, iron keyboards were collected and handed by the students to be disposed to the recycling plant. E -waste collected was then given to Threco Recycling LLP for disposal of the waste on 30<sup>th</sup> October, 2023. 5.1 kg of e-waste was collected by 23 students who felt greatly motivated for contributing to such drives in future.
